

Indoor Athletics

Over the years Dovedale did rather well at the indoor athletic competitions and this year our current year 5 and 6 children have shown that we are still a contender to become this year's city champions.

Heat 2 where we began our competition journey was close all the way. Our girl's races were very strong and in total we managed to finish outstanding performances from all. The boys done just as good and as ever in the athletics it is important that the field events are strong also. There are no results as yet. But we were informed that we had to strengthen our field events.

Thankfully we progressed from the heat in second place and 5 points behind the leaders. We then attended the Liverpool Sports Partnership final for our area, south/south central and the competition was stronger again. In one race we finished 6th place however a credit to this person because unfortunately he fell, yet he showed courage and determination to get up and finish the race in a packed hall, this person knows who they are and well done!

As mentioned the field events are just as important as the races and the children demonstrated their understanding of this with some fantastic performances and it actually enhanced our final score. Our overall finish was joint 1st with 181 points and this was a first time ever for a joint winner.

The city final is taking place on Monday 21st November 2016
