

KS2

Repetition

Repetition is when a writer **repeats words and phrases** to emphasise or create a rhythm.

Examples:

She chased a small white rabbit through the woods not far from her *very nice, very comfortable yet very ordinary* home.

She walked from *house to house, street to street, city to city*. She just kept on walking.

It rained *harder than* he had ever seen before, *harder than* any of the team had seen before, *harder than* it had in centuries.
