Geography

EYFS	Autumn	
	<p><u>Looking after living things</u> <u>Enquiry Question</u> – Why do animals live in different habitats?</p> <ul style="list-style-type: none"> • Children can talk about features of a wooded area • Children can name different habitats (tank, hutch, kennel - burrow, den, sett) • Children can name animals that live underground and above ground. <p>Children can talk about an environment and the animal it is best suited to and why.</p>	<p>Vocab: Habitat, Environment, Wildlife, Tree cavity, Burrow, Warren, Forest, jungle, polar, climate, diet, Features, Autumn</p>
	<p><u>Required Prior Knowledge</u></p> <ul style="list-style-type: none"> • Children may understand how to care of pets • Animals you may find in the park 	<p><u>End Point</u></p> <ul style="list-style-type: none"> • Children can talk about features of a wooded area • Children can name animals that live underground and above ground • Children can talk about an environment and the animal it is best suited to
	Spring	
	<p>Local area <u>Enquiry Question</u> – What is in our local area?</p> <ul style="list-style-type: none"> • Draw a journey (using stories first and then a trip out in the local area) • Use sequencing language such as first, then, next to describe a journey (focusing on permanent signs/buildings etc.) • Name things we find in our local area. (library, sweet shops, churches, post box/office, doctors) • Identify which places are in our local area and which are in the city centre. • Explain some differences between the UK/Liverpool to other countries (focus on Italy, Uganda and Japan.) 	<p>Vocab: House, community, town, city, flat, road, street, park, symbol, journey, route, map, landmarks</p>
	<p><u>Required Prior Knowledge</u></p> <ul style="list-style-type: none"> • They live in Liverpool • They know where they live and the type of building they live in (flat, house) 	<p><u>End Point</u></p> <ul style="list-style-type: none"> • To be able to talk about what they see and to be able to talk about where they live • Compare UK to other countries e.g. hot/cold.

Dovedale Primary School

Long Term Plan

Geography

Summer	
<p>Seasons (linked with Science) <u>Enquiry Question</u> – What are seasons and why do they change?</p> <ul style="list-style-type: none"> To name the four seasons To be able to talk about changes in the seasons To identify appropriate clothes to wear in different seasons and explain why. Talk about different types of weather E.g what is wind (air moving), where does rain come from (clouds) and how are rainbows formed (sun and water) 	<p>Vocab: snowy, colder, winter, autumn, darker, frost, warmer, summer, spring, clothing,</p>
<p><u>Required Prior Knowledge</u></p> <ul style="list-style-type: none"> Children experience different weathers Children know the seasons change 	<p><u>End Point</u></p> <ul style="list-style-type: none"> To name the four seasons To be able to talk about changes in the seasons To identify appropriate clothes to wear in different seasons and explain why. Children can talk about an environment and know how to make an environment better
<p><u>Fieldwork – Forest School</u> Complete a journey stick of the forest school area. Talk about the forest school environment. How to make it better? Plant trees/flowers on the field to help the environment grow.</p>

Long Term Plan

Geography

Year 1	Autumn	
	<p>Where are we? Focusing on our school, local area, Mossley Hill. Enquiry Question – What is in our local area?</p>	<p>Vocab: aerial view, symbols, human features, physical features, key, map, city, factory, house, office, shop, farm, village, town, compass, North, South, East, West</p>
	<p>Required Prior Knowledge</p> <ul style="list-style-type: none"> • That they are part of a local community. • They should be able to make comments about their familiar world and where they live. • Express opinions on natural environments that they have observed (objects found around school/field, plants, animals). • Understand signs and symbols around school. 	<p>New Learning</p> <ul style="list-style-type: none"> • Understand positional language within the classroom (encourage map work to support). • To use and apply a key to show where things are in maps. • To understand what a map is and how it is used (symbols). • To understand what an aerial view is and look at a variety of examples to show this. • Build to using map skills around other known areas (e.g. school, corridor). Knowing it can be used to find the way from one place to another. <p>End Point</p> <ul style="list-style-type: none"> • To understand they live in the local area Mossley Hill and that it in a city. • Human features are natural, physical features have been built by people. • Observe and compare city to countryside (human and physical).
	Spring	
<p>Countries and Capitals of the UK. Enquiry Question – What is the UK?</p>	<p>Vocab: coast, Nr. Ireland, Scotland, Wales, England, London, Cardiff, Edinburgh, Dublin, city, town, village, human feature, physical feature, North, East, South, West.</p>	
<p>Required Prior Knowledge</p> <ul style="list-style-type: none"> • A map is a picture of a place usually drawn from above (aerial view) • Human features are natural, physical features have been built by people 	<p>New Learning</p> <ul style="list-style-type: none"> • Have a basic understanding that the UK is pieces of land boarded by four seas. • To know that countries have a capital city. • To learn about other settlements: city, town and village – compare human and physical features of each. <p>End Point</p> <ul style="list-style-type: none"> • Know that England is the country they live in. • Know that the UK is a union of four countries. 	

Dovedale Primary School

Long Term Plan

Geography

Summer	
Seaside fieldwork <u>Enquiry Question</u> – What features do we find at a seaside?	Vocab: human and physical features, beach, cliff, coast, sea, harbour, lighthouse, fort, promenade, rockpool, lifeguard.
Required Prior Knowledge <ul style="list-style-type: none"> • Know that the UK is a union of four countries. • Human features are natural, physical features have been built by people. 	New Learning <ul style="list-style-type: none"> • Experience visiting a seaside (New Brighton) to discuss the human and physical features of the seaside. • Look at aerial photographs of New Brighton to reflect on fieldwork. End Point <ul style="list-style-type: none"> • Liverpool is a coastal city that is situated amongst beaches. • Know the human and physical features of a seaside
Fieldwork – Forest School Use a map of the field and apply a key to show where things are in the forest school. Use symbols on maps of the forest school to represent areas. Use an aerial view and compare this to their maps of the forest school.

Geography

Summer	
North America <u>Enquiry Question</u> – North America – yes or no?	Vocab: Colony, homestead, transcontinental, climate, biome, precipitation, drought, hemisphere, savannah, temperate forest, desert
<u>Required Prior Knowledge</u> <ul style="list-style-type: none"> • Know that countries located close to the equator are hot (Y2) • Know that the earth is a sphere made up of pieces of land and sea. Naming the 7 continents and 5 oceans it is split into (Y2) • Use maps and atlases to locate the world's 7 continents and 5 oceans (Y2) • Compare settlement, land use and economic activity between two different regions of Europe (Y3). 	<u>New Learning</u> <ul style="list-style-type: none"> • Know that North America is a continent made up of 23 countries • Use maps to identify different climate zones in one country • Know different places have different biomes • Discuss ways climate impacts vegetation belts, settlement and land use <ul style="list-style-type: none"> • <u>End Point</u> • Compare the climate and biome between the UK and North America
<u>Fieldwork – Forest School</u> <ul style="list-style-type: none"> • Compare land use in areas of North America to forest school. • Use maps to identify how the forest school could be developed further. 	

Dovedale Primary School

Long Term Plan

Geography

Year 5	Autumn	
	Around the World	Vocab: latitude, longitude, Equator, hemispheres, Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, Prime/Greenwich Meridian, time
	Longitude and Latitude	
	Enquiry Question – Longitude and Latitude – what are they and why do we have them?	
	Required Prior Knowledge	New Learning
	<ul style="list-style-type: none"> • Know there can be a range of climate zones in one country. (Y4) • Know different places have different biomes. (Y4) • Know features of some of the world’s major biomes. (Y4) 	<ul style="list-style-type: none"> • Know why we have time zones. • Know features of the world’s major biomes. • Know how the world’s main climate zones differ. • Confidently use OS symbols to identify features
	End Point	
	<ul style="list-style-type: none"> • Know how to use longitude and latitude to find places. 	
Spring		
South America – Brazil, The Amazon River	Vocab: climate, biome, biodiversity, vegetation, ecosystem, deforestation, indigenous, preserve	
(tropical rainforest, aquatic biomes)		
Enquiry Question – Rainforests – could you live there?		
Required Prior Knowledge	New Learning	
<ul style="list-style-type: none"> • Know that countries located close to the equator are hot. (Y2) • Know that the earth is a sphere made up of pieces of land and sea. Naming the 7 continents and 5 oceans it is split into. (Y2) • Know that different places have different climates. (Y4) • Know different places have different biomes (Y4) • Know that climate impacts vegetation belts, settlement and land use (Y4) 	<ul style="list-style-type: none"> • Know how vegetation in a rainforest is structured and how this impacts biodiversity. • Know some ways deforestation affects the world. • Know some ways individuals can help preserve the rainforest. • Know how to use six-figure grid references to find a precise location. • Know how geographical features have impacted settlement, land use and economic activity. • Use a range of methods to observe, measure, record and present the human and physical features. 	

Dovedale Primary School

Long Term Plan

Geography

		<p><u>End Point</u></p> <ul style="list-style-type: none"> • Know where the world's rainforests are located. • Know how a rainforest biome differs to theirs.
<p>Summer</p>		
<p>Water cycle and River Fieldwork (marine biomes) <u>Enquiry Question</u> – Water – what are the issues?</p>		<p>Vocab: distribution, natural, water cycle, sustainable, conserve, tributary, confluence, delta, flooding, dam</p>
<p><u>Required Prior Knowledge</u></p> <ul style="list-style-type: none"> • Know how beaches are formed (erosion & deposition. Y1,4) • Know that climate impacts vegetation belts, settlement and land use. (Y2,4) • Know the main physical and human features of countries across different regions of Europe. (Y3,4) • Know some issues linked to distribution and access to water in different parts of the world. (Y2,4) 		<p><u>New Learning</u></p> <ul style="list-style-type: none"> • Know the significance of energy • Know some issues linked to distribution and access to water in different parts of the world. • Know how rivers and landscape change over time. • Know some causes of flooding. • Know the impacts of flooding. <p><u>End Point</u></p> <ul style="list-style-type: none"> • Know the key aspects of the water cycle. • Know the key features of a river system.
<p><u>Fieldwork – Forest School</u></p> <ul style="list-style-type: none"> • Know how to use six-figure grid references to find a precise location on a map of the forest school. • Confidently use OS symbols to identify features of the forest school. • Use a range of methods to observe, measure, record and present the human and physical features of the forest school. 		

Dovedale Primary School Long Term Plan

Geography

Year 6	Autumn & Spring	
	<p>Distribution of National Resources Trade links (energy, food, minerals, water) <u>Enquiry Question</u> – Trade, natural resources and distribution – are they important?</p>	<p>Vocab: Distribution, energy, minerals, banking, economy, education, farming, finance, healthcare, industry, insurance, leisure, manufacture, pollution, retail, revolutionary, service industry</p>
	<p>Required Prior Knowledge</p> <ul style="list-style-type: none"> • Know how geographical features have impacted settlement, land use and economic activity. (Y5) • Know the significance of energy. (Y5) • Know some causes for places changing over time. (Y3) • Know the steps in the water cycle. (Y5) 	<p>New Learning</p> <ul style="list-style-type: none"> • Understand why foods are imported and exported, identifying benefits and issues. • Identify ways to reduce food wastage. • Recall the main stages of electricity distribution. • Identify what makes an energy source renewable. • Name some of the methods of power generation used in the UK Identify ways to reduce energy usage. • Use locational knowledge to discuss the issues linked to distribution and access to water in different parts of the world. • Identify ways to reduce water wastage. • Explain how small changes can lead to a big impact. • Use maps, atlases, globes and digital computer mapping to locate countries and describe features studied. <p>End Point</p> <ul style="list-style-type: none"> • Understand the key aspects of human geography: economic activity trade links and the distribution of natural resources including energy, food, minerals and water.

Dovedale Primary School

Long Term Plan

Geography

Summer	
Arctic and Antarctic circle (aquatic biomes) <u>Enquiry Question</u> – Arctic and Antarctic – are they not the same?	Vocab: Arctic and Antarctic circle, equator, latitude, longitude, location, northern hemisphere, prime/Greenwich meantime, region, southern hemisphere, time zone, tropics of Cancer and Capricorn
<u>Required Prior Knowledge</u> <ul style="list-style-type: none"> • Know about the different plants, animals and conditions which foster in a marine biome. (Y5) • Know there can be a range of climate zones in one country. (Y4) • Know different places have different biomes. (Y4) • Know features of some of the world's major biomes. (Y4) 	<u>New Learning</u> <ul style="list-style-type: none"> • Know how to use longitude and latitude to find places. • Know why we have time zones. • Know features of the world's major biomes and where aquatic biomes are located. • Know how the world's main climate zones differ. • Understand locational knowledge: position and significance of latitude, longitude, Equator, hemispheres, tropics, Arctic and Antarctic Circle, the Prime/Greenwich. <u>End Point</u> <ul style="list-style-type: none"> • Know the location of each on opposite sides of the planet. • Understand about the climate of both, as well as the wildlife and plant life that live there.
<u>Fieldwork – Forest School</u> Designing a new area for forest school – what features have we got? What could be developed. Create plans, maps and conduct land suitability survey to check feasibility.
