Our Approach as a School:

High quality first teaching and additional interventions are defined through our person-centred planning approach across the school contributing to our provision management arrangements. These processes help us to regularly review and record what we offer all children or young people in our care and what we offer additionally. These discussions also serve to embed our high expectations amongst staff about quality first teaching and the application of an adapted and personalised approach to teaching and learning. We make it a point to discuss aspirations with ALL our learners. This is a whole-school approach and this report will promote how we underpin this practice across our classrooms, pastoral care and support arrangements.

Underpinning ALL our provision in school is the graduated approach cycle of:

All teachers are responsible for every child in their care, including those with special educational needs.

See Local Offer Question 2

Having consulted with children, young people and their parents, all our additional provision (internal or external) is based on an agreed outcomes approach and these are discussed with the professionals that offer the support to your child/young person and hold both our internal/external providers and ourselves to account.

Headline facts and figures - 2023/24

EHC plans 434,354 pupils in schools in England. Up by 11.6% from 2023	EHC plans 4.8% percent of pupils with an EHC plan. Up from 4.3% in 2023	
▶ <u>What is this?</u>	▶ <u>What is this?</u>	
SEN support/SEN without an EHC plan 1,238,851 pupils in schools in England. Up by 4.7% from 2023	SEN support/SEN without EHC plan 13.6% percent of pupils with SEN support. Up from 13.0% in 2023	
► What is this?	▶ What is this?	
Over 1.6 million pupils in England have special educa	tional needs (SEN)	
An increase of 101,000 from 2023. This includes the nuplan and the number of pupils with SEN support, both	umber of pupils with an education, health and care (EHC) of which continue a trend of increases since 2016.	
• The percentage of pupils with an EHC plan has incre	ased to 4.8%, from 4.3% in 2023.	
• The percentage of pupils with SEN (SEN support) by 2023.	ut no EHC plan has increased to 13.6%, from 13.0% in	
The most common type of need for those with an EHC plan is autistic spectrum disorder and for those with SEN support is speech, language and communication needs.		

The headline data shows: A total of 18.4% of children in England have some kind of special educational need- up from 17.3% in 2023. That's a total of 1,673,205 of children with SEND, which is an increase of over 100,000 from 2023

Children and young people's SEN are classified in the Code of Practice 2014(last updated in Jan 2020) in the following broad areas of need;

1. Communication and interaction

Children and young people with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives. They may have delayed, or disordered (not following typical error patterns) speech or receptive (understanding) expressive or social communication difficulties.

Children and young people with an Autism Spectrum Disorder are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication, social interaction and imagination, which can impact on how they relate to others. For examples of the provision on offer at Dovedale for children with Communication and Interaction needs see below;

Provision

- WellComm Screening for all children in EYFS
- WellComm Intervention groups for highlighted children across the school
- Tasks adapted to the level of the individual child
- Possibility of small group or one to one interventions
- Adaptations to the environment where necessary
- Access to additional specialist support and/or Pastoral team as required
- Use of specialist equipment where necessary e.g. visual support, Barrier Games, visual timetables, privacy boards
- Speech and Language programmes provided by an NHS Speech Therapist
- Narrative Groups
- Social skill groups e.g. Time to Talk, Socially Speaking,
- Advice and support from SaLT/SENISS
- Screening and assessment from a SaLT assistant -commissioned service 2 days per week
- Lego Therapy, Think Bricks
- Chatta programme introduced in year 1 as a whole class approach to support working memory, oracy and vocabulary development

2. Cognition and learning

Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to profound and multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.

Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

Provision

- Quality first teaching e.g. understanding of all pupils and their needs
 - Flexible groupings
 - Use of technology and scaffolding
 - Complement high quality teaching with carefully selected small group interventions
- Tasks adapted to the level of the individual child
- Adaptations to the environment, where necessary
- Individual targets where appropriate, recorded on SEN Support plan and reviewed termly
- Access to additional specialist support when necessary e.g. SENISS, EP, SLD Outreach
- Use of specialist equipment where necessary e.g. access to laptops/software, sloping desktops, coloured exercise books and overlays
- Time bound, focussed intervention groups e.g. Cracking Comprehension, First Class@ Number
- RWInc Phonic Booster sessions
- Closing the Gaps groups-delivered at point of need and directed by the AHT for KS2
- 1:1 Reading Partners, use of Precision Teaching
- 1:1 or 1:2 specialist programmes for children with high needs e.g. Memory Fix, Active Literacy Kit(ALK)
- Beanstalk Reading Partners for targeted Pupil Premium pupils
- IDL(Independent Dyslexia learning)
- FFT Lightning Squad Reading Programme
- Use of ICT and technology to support recording, where appropriate

3. Social, Emotional and Mental Health

Children and young people can face a variety of social and emotional challenges, which may present in different ways. These challenges might include withdrawal, isolation, or exhibiting challenging, disruptive, or concerning behaviours. Such behaviours can often indicate underlying mental health issues like anxiety, depression, self-harm, substance abuse, eating disorders, or medically unexplained physical symptoms. Additionally, some children and young people may be diagnosed with conditions such as attention deficit hyperactivity disorder (ADHD), or attachment disorder.

We understand the critical role that positive mental health plays in supporting effective learning. To address these needs, our school is proud to have a dedicated Pastoral Team. This team includes a team leader, Mrs. Fox, along with two pastoral learning support assistants, Mrs. Keogh and Mrs. Murphy.

We are also honoured to have received the prestigious School of Sanctuary Award from Liverpool City Council, reflecting our commitment to creating an inclusive and supportive school environment.

All the children in the school also attend Forest School sessions once a week for half a term, once each year, which has an extremely positive impact on the children's mental health and well-being.

Provision

- Quality first teaching—maintain a positive and supportive environment for all pupils
- Opportunity for all children to take part in Forest School sessions over the year
- Tasks adapted to the level of the individual child
- Small group or one to one support
- Adaptations to the environment where necessary e.g. work station, individual visuals
- Movement breaks and use of trampette/peanut ball, other specialist resources
- Individual targets/ ABC sheets completed with pupil, where relevant
- Relevant, personalised and specific interventions led by school
- Access to additional specialist support as required e.g. Time out facility
- Individual support sessions with the Pastoral Support Team (PST)
- Confidence workshops with PST
- Time to Talk Groups EYFS, Y1, Y2
- Friendship Formula Groups y3, Y4
- Socially Speaking or Talkabout Intervention Y4-Y6
- Bereavement and parental separation support groups led by mentors
- Pause B and DOTS (Mindfulness sessions) led by Mrs Norfolk
- Lego Therapy groups
- Seedlings Art Therapy 1 afternoon per week (2 children)
- Yoga and Mindfulness for Targeted pupils
- Referrals to Fresh CAMHs, YPAS for counselling
- Education Mental Health Practitioner (EMHP) intervention
- Access to CAMHs consultations
- Signposting and parent support from specialist organisations e.g. YPAS, Addvanced Solutions,

4. Sensory and/or physical needs

Some children and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time. Many children and young people with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning. Children and young people with an MSI have a combination of vision and hearing difficulties, which makes it even more difficult for them to access the curriculum or study programme than for those with a single sensory impairment.

Area of Need	Provision	
	Quality first teaching	
Sensory and/or physical needs	 Tasks adapted to the level of the individual child 	
	Sensory Circuits	
Including Hearing Impairment,	 Possibility of small group or one to one support 	
Auditory Processing Difficulties	 Adaptations to the environment where necessary 	
	 Individual targets where appropriate 	
Vision Impairment	Access to additional specialist support as required e.g. SENISS	
	Sensory Team, Physiotherapists, Springwood Heath outreach	
Sensory Processing Difficulties	• Use of specialist equipment where necessary e.g. access to	
	laptops/software, sloping desktops, tangle toys, trampette,	
Dyspraxia	spinning cone, sensory kit, books and overlays, ear defenders	
	• Time bound, focussed intervention groups e.g. Motor Skills	
	United, Clever Fingers, OT programmes	

OT programme written by OT, Sensory Diet
--

Some children and young people with a physical disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

See Local Offer Question 8

We have internal processes for monitoring quality of provision and assessment of need. These include data analysis, book scrutiny, regular monitoring cycle, linking with SLT and appropriate TLR post holders, observations of LSA s delivering interventions, classroom observations and interviews with children receiving support.

Co-producing with children, young people and their parents

Action/Event	Who's involved	Frequency
SEN Support Plans (SSPs)	Pupil, class teacher, Inclusion	Termly-copies shared at parent's

	school Education Officer)	point. If the LEA agree to complete
		the assessment a co-production
		meeting is held with the SEN team to
		review the draft EHCP prior to final
		statutory documents being
		completed
Annual Reviews of EHCP	Child, parents, school, all	Annually
	outside professionals	Held in the Autumn term for children
	involved in supporting the	in Y6
	child	
Assessments by external	AHI, Educational	A referral for assessment and/or
professionals	Psychologist, SaLT, SENISS,	consultation from external provision

Involving parents and learners in the dialogue is central to our approach and we do this through:

teacher, Seedlings Therapist, LSA, parent, child	can be raised at any point. Parents are usually invited for feedback sessions and a report is completed and shared with the parent. Selected targets are added to the child's SSP.
---	--

Staff development and Qualifications

We are committed to developing the ongoing expertise of our staff.

Please see Local Offer question 6

This year, we have put in additional training into phonics, supporting children with reading difficulties and our Inclusion Manager and SENDCo attended the School Improvement SEND briefings in March and November. Other training has included:

- Safeguarding training for all staff
- Gestalt Language Processing- Additional adults
- Termly Consortia Meetings
- Cued spelling and reading
- CAMHs training re anxiety/bereavement
- Training for all teaching staff in using PIVATs 5 to track the progress of children working outside of Year Group Expectations
- Personalised training re children with SLCN
- Managing children with ADHD
- Bucket Therapy (Attention Autism)
- WellComm EYFS all EYFS and Y1 staff
- Staff knowledge of Sensory processing difficulties was increased, Mrs Milton attended training sessions with Occupational Therapists
- A variety of staff attended the Educational Psychology Service (EPS) Training-Emotion Based school avoidance, Use of Comic Strip Conversations, PDA, Think Bricks, Cued Spelling and Paired reading

Staff deployment

Considerable thought, planning and preparation goes into utilising our support staff to ensure children achieve the best outcomes, this includes for them to gain independence and are prepared for adulthood from the earliest possible age.

Where necessary, and appropriate, children with High Needs are supported by 1:1 LSAs. This was previously funded by the LA but from April 2017 we have provided the first £6000 and apply for 'top up funding' from the High Needs Panel. Children with a new EHCP are banded with the completion of their plan and an amount of money is allocated.

In July we had 14 children in receipt of top up funding. 13 of these children have an EHCP.

Each Reception class has a full time TA and every other year group from Y1-Y6 has had the support of 2 LSAs for the morning, directed by the Year Group leader, according to need. In addition, there is a small team of Teaching Assistants who deliver intervention, directed, and monitored by the Inclusion Manager.

The Inclusion Team is managed by the Assistant Head for Inclusion. This comprises of a full time SENCO (Mrs Milton), and 3.5 part-time Learning Support Assistants (TA3) and the two pastoral support assistants (managed by Mrs Fox, Pastoral Support Leader). This team is non-class based and provides intervention support for children with SEND, EAL and Pupil Premium children, aimed at diminishing the differences in attainment and providing support required to meet individual and group needs, through the Graduated Response.

There are 2 TA 2s shared between the 4 year 1 and Year 2 classes and 1 TA2 shared between each year group from Y3 to Y6. The Year Group leaders will be responsible for managing and directing these TAs according to the needs of the children in their year groups.

Finance

A full list of our external partners who we work with can be found in our contribution to the Local Offer. Extending our school approach, we commission using an outcomes-based approach. This enables us to hold our partners and ourselves to account.

Our notional SEN budget was deployed in the following ways

- Inclusion team-1 Assistant Head for Inclusion, 1 SENCO, 1 HLTA (until December 23), 2.5 Part time TA3s
- 1 part-time clerical assistant for Inclusion
- 12 1:1 LSAs
- 3 part time additional LSA in the afternoons in KS2 delivering SaLT/RWI/small group support
- Commissioned External services-e.g. Private Educational Psychologist, SaLT assistant (2 days per week)
- Additional Teaching resources and specialist equipment e.g. Sensory circuit
- Training courses

See Local Offer Question 10

School External Partnerships and Transition Plans

Our academic assessment for children and young people with special educational needs is moderated through our cluster of schools and neighbouring partners.

This year, we worked with our feeder partners to welcome **16** children and young people with special educational needs or disabilities, and we supported **40 children's** transition to their next phase in education at a variety of High schools. The children were supported by Mrs Milton and Mrs Keogh (KS1) and KS2 Mrs Milton-SENDCo and Mrs Murphy- Pastoral Support Team.

Our approach included:

Additional individual and group transition visits before city-wide transition day

Individual transition books for all appropriate pupils, including children transferring to the junior department

Additional taster afternoons to Calderstones, Childwall High and Archbishop Blanch High School.

Liaised with Calderstones high school to offer places for 18 Year 6 children to attend their summer school programme

Transition meetings were held for all children with EHCPs and their next school, including the pupil, parents, Mrs Rogers and the relevant high school SENCo

See Local Offer Question 9

Complaints

Our complaints procedure:

Initially a parent should speak to the class teacher, then the year group leader, AHT for Inclusion, Head Teacher and if still not satisfied can use the complaints policy which is on the school website.

This year we have **had 0** complaints that we dealt with following our school policies and procedures.

Developments in the academic year 2023-24

- Early Identification of SLCN- **all** Reception children to be WellComm screened on entry to school. WellComm programme to be delivered by a team of staff that have been trained by a SaLt. Children that require intervention to be re-screened every 12 weeks.
- Mrs Milton, our SENCo achieved the National SENCo award with SIL
- Very successful OFSTED inspection in March 2024; 'The school sets very high expectations for pupils' achievement. This includes pupils with special educational needs and/or disabilities (SEND). Pupils achieve very well.'

"The school's work on supporting pupils to understand neurodiversity is worthy of sharing with others. This work, pupils said, helps them feel accepted and valued for who they are."

- Sensory Circuits have been introduced, we commissioned an Occupational Therapist to support effective development in our school environment.
- Early Identification of Speech, Language and Communication needs (SLCN) **all** Reception children were WellComm screened on entry to school and where needed, intervention put into place.
- WellComm Data- very positive impact, particularly in EYFS-reduced from 38% to 12% needing intervention moving into Y1 in 22-23 and further reduced to 7.5% in 23-24.

Year	EYFS needing intervention	Year 1 needing intervention
2022-2023	38%	12%
2023-2024	10%	7.5%
2024-2025	20%	4%

• We continued to signpost parents/carers to virtual events that help them work in partnership to support their children's needs, e.g., Sleep solutions, Addvanced Solutions

- Coffee mornings training for parents led by Inclusion team- focus on areas requested by parents, use of Alder Hey ASD training team 23 parents attended a 2-week afternoon workshop on Supporting Children with Anxiety and Managing Behaviour
- Parents' ASD Coffee morning 28 parents attended and Wellbeing Ambassador coffee morning
- The continued development and implementation of Forest School delivered by Kate Norfolk, SLT, the Pastoral team and parent volunteers.
- Children on the SEN register were encouraged to apply for and were given positions of responsibility within school, e.g., Reading Ambassador, Wellbeing Ambassador, Eco Warrior.
- Completed an audit number of children with SEND attending extra- curricular activities and ensure wide range of activities are available and accessible-highly successful crochet club, we have added an extra club at lunchtime, led by Miss Daisy
- Greater development of strategies and partnership agency support to children with social, emotional, and mental health needs this included furthering our working relationship with MHST, through targeted interventions and wider workshops for Y5 Children
- Wellbeing Ambassadors to run Smile for A While Lunchtime provision with a member of the Inclusion team. Wellbeing Ambassadors are also trained support with this club.
- Sensory Integration Training from MOSAIC Specialist OT. Sensory Circuits started with targeted children
- 3 children in Y5 have shared their experiences of being Neurodiverse in assembly
- We took part in National Neurodiversity Celebration week and further raised the profile and awareness of learners with additional needs and celebrated their strengths

Further development

We regularly evaluate the effectiveness of provision via termly pupil progress meetings, pupil voice, parent meetings, analysis of assessment data and monitoring schedule.

Our strategic plans for developing and enhancing SEND provision in our school include:

- SENCo to work with Curriculum teams to ensure every subject is accessible/adapted to children with SEND
- Provide workshops for parents on areas of need requested from parent feedback.
- All SLT, SENDCo and Curriculum leaders to work towards achieving the Inclusion Quality Mark accreditation
- Enhanced induction of new staff to the Inclusion Team
- To implement the Health, Care and Education (HCET) supportive training for all staff working with children on a 1:1 basis

- To provide training for relevant staff in the Gestalt language processes and how to support language acquisition for children with this process
- Implement Effective use of The Engagement Model (TEM) for children that are working Pre- key stage
- Sensory Circuits to be available for Wider group of children
- Joint Attention training for EYFS/ KS1 1:1 LSA's delivered by Natalie Reaney SENISS
- Development of the garden area to promote wellbeing and provide additional space for calming sensory activities
- Invite outside speakers into assembly during Neurodiversity Celebration week March 2025
- Joint commissioning with Consortia schools of new service for therapeutic for children with SEMH difficulties from 'Beautiful New Beginnings' instead of Seedlings
- Develop working group of parent/carers to be involved in reviewing our SEN and disability policy and practice

Details of External Partners:

We are part of the South Central Consortium within Liverpool LA. As part of this group, we access additional services. The group also serves as an opportunity to share information with other SENDCos, headteachers and outreach workers. WE work closely with our commissioned E.P.
